

# CHEMICAL ENGINEERING FACT SHEET

- Undergraduate Degree Data (2012)
  - 52 total undergraduate degrees
  - 10 female and 7 minority graduates
- Undergraduate Enrollment Data (2011-2012 academic year)
  - 271 full time students
  - 34 part time students
  - 75 female and 47 minority students
- AIChE Student Chapter
  - Outstanding student chapter award for 12 consecutive years
  - Outstanding student chapter award for 22 out of 43 years the award has been given
- Co-operative Education and Internship Assignments (2011 ABET Self-Study)
  - 66% of graduates
  - 34% of Sophomore, Junior, and Senior students
- Scholarship Program (2011 ABET Self-Study)
  - School of Chemical Engineering scholarships – 164 semester-long scholarships
  - Additional scholarships through university, college, and corporations
- Graduate Program Degrees
  - 1 MS degrees (1 female)
  - 4 PhD degrees (1 female)
- Graduate Program Enrollment
  - 8 students in MS program (1 female, 2 minority)
  - 12 students in PhD program (4 female)
- Research Expenditures of \$4.8 MM
  - Federal \$4.1 MM
- Staff Profile
  - 9 tenured and tenure-track faculty (Fall 2013)
  - 7 research staff
  - 3 professional staff
